

Our award-winning curriculum has obtained global recognition from The Harvard Graduate School of Education & The European Union.

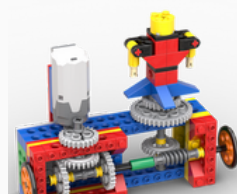

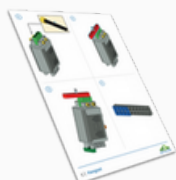

### Young Engineers Presents:

## The Young Engineers Bricks Challenge Enrichment Program

- Hello, parents of Crawley Ridge Primary School. Welcome to Young Engineers, our clubs will start on the 9<sup>th</sup> of May 2025 at 15:15 till 16:30, There are ONLY 16 places available so early booking is essential!!
- Young Engineers are proud to be a part of moulding the Engineers of the future using the old and familiar building blocks experience most of us know from childhood. Each lesson will begin with studying a principle in
- Mechanical Engineering (STEM), the children will then build a model using LEGO bricks relative to what they have learned in that lesson to get an idea of how it works in real life. **Every week will have a new model to build. No model will every be repeated.**

### Step-by-step instructions

### Added values:

- Teamwork and time management skills.
- Encourage independent creative thinking.
- Develop the ability to analyse engineering processes.
- Broaden knowledge of laws of physics and various natural phenomena. Improve spatial cognition.
- Cultivate a sense of self-efficacy.
- Expand interpersonal communication skills. Making new friends.

### BOOKING DETAILS:

- There are various payment options: Credit Card is the main option, however, there are other options under "Alternative Payment Method" Please remember your place is only secured once we have received payment.
- If you have any questions or need help with the booking then don't hesitate to contact us and we will guide you through the process. Call us on 0751 869 2272
- Scan the QR code or click [here](#) to register for the clubs.
- Cost: £11.25 per child per class, there are 34 classes spread out over the year, the club and payment will run on a termly basis.
