

Young Innovators & Creators

Ignite your curiosity, build your future

Coding & Robotics Club

Inc. Best Workplaces 2024

Class Leading & Multi Award Winning STEM Education

We're thrilled to announce our upcoming **Coding & Robotics Clubs**, packed with creativity, coding, and collaboration!

Venue: Crawley Ridge Junior School **Dates starts:** Friday 17/4/2026

Time: 15:15 - 16:15

Price: £14 per session

What to Expect:

- Each child will be given their own robot to work with, but will collaborate in pairs to complete engaging assignments designed to encourage teamwork, problem solving, and innovation.
- Electrify learning with BOLT+, the next evolution of this popular coding robot.
- Sphero BOLT+ is a round programmable robot that delivers best-in-class, hands-on classroom learning experiences and supports beginner to advanced coders.

How to register:

- Limited places available.
- Scan the QR code, or click [HERE](#) to register for the club.

Young Innovators & Creators are proud to play a role in shaping the Engineers of the future, utilizing multi-award-winning, best-in-class technology.
