What is Playball?

Playball is a multi-sports programme that teaches life skills to children through sport and movement. Our progressive curriculum is designed and researched by Occupational Therapists and Sports Scientists, and is constantly being updated inline with the latest trends and findings. At Playball the children participate in games and skills that cover 8 sports; Football, Tennis, Rugby, Hockey, Baseball, Volleyball, Cricket and Basketball. Focussing on each sport for 3 weeks at a time before moving onto the next. The children will develop a better understanding of what to do in fun match scenarios as well as knowledge of the rules and etiquette.
